Marks for phase plane

Include and label:

1. nullclines;
2. dynamic directional arrows in each region delineated by a nullcline;
3. representative trajectories in each region delineated by a nullcline, showing the long term dynamics.

[11 marks]

Marks

1. 2 marks for correct nullclines and directions on nullclines,
2. 4 marks for correct directions in each quadrant
3. 4 marks correct trajectories in each section
4. 1 mark for clarity, pencil drawing, correct labelling.
